SUMMARY

Experienced Operations professional with a strong background in managing and optimizing club operations. Proven track record of success in leading teams and driving operational efficiency. Skilled in media management and proficient in various programming languages including Flutter, HTML/CSS, Python, C++, JavaScript, and React. Currently pursuing a BSc in Data Science from the prestigious Indian Institute Of Technology Madras, along with a BTech in Computer Science Engineering from Vellore Institute Of Technology Chennai. Seeking a position as an App/Web Developer to leverage my technical skills and contribute to the development of innovative and user-friendly applications.

EXPERIENCE

Management
Humanoid Club   **February 2023 – Present**

Media
Linux Club   **February 2023 – Present**

Operations
Android Club   **January 2023 – Present**

· Streamlined warehouse operations by implementing a Kaizen continuous improvement program, which led to a 20% increase in productivity and a reduction in product misplacement by 35%.
· Streamlined warehouse logistics by implementing a new inventory management system, which cut retrieval times by 30% and improved overall operational efficiency.
